Crime Reduction Advice.

GOING SHOPPING? GOING OUT?

Don't give opportunist thieves the chance to bag your belongings. It doesn't matter if you are out shopping or going out for a social event, always make sure you stay alert at all times. By taking some simple steps you can help protect yourself and your belongings:

DON'T LEAVE YOUR HANDBAG UNATTENDED in shopping baskets, trolleys, pushchairs or mobility scooters. In cafes and restaurants keep your bags on your lap, between your feet or place the strap around a chair leg. (Don't hang your bag on the back of your chair where you can't keep an eye on it.)

KEEP YOUR HANDBAG CLOSE TO YOU and closed at all times. Choose a bag that can be zipped up or closed and get into the habit of checking that its fully fastened up after each time you have needed to get something out of it. Ideally your purse and phone should be well hidden and tucked away out of sight and out of easy reach of pickpockets.

Be particularly careful on public transport, keep your bag where you can see it. If you carry a rucksack, wear it on your front rather than on your back or over your shoulder.

DON'T LEAVE YOUR MOBILE PHONE ON THE TABLE. Mobile phones are frequently targeted by thieves and can easily be swiped when your back is turned even just for a minute.

KEEP THE AMOUNT OF VALUABLES INSIDE HANDBAGS TO AN ABSOLUTE MINIMUM and try not to carry large amounts of cash around with you.

BE MINDFUL OF DISTRACTIONS. Thieves working in pairs may try to divert your attention in order to steal your handbag or pick pocket your purse or phone from within. Avoid carrying too much around with you, the more bags you've got the more vulnerable you are. If you need to take shopping back to your car, put your bags in the car boot – don't leave them where they can be seen eg in a footwell or on a back seat.
